Getting Involved

Pictured above is Mrs. Lorene Lucado who recently visited the Appomattox Primary School to serve as a local resource person, telling students about farm products and fall crops that are harvested during this season. This is just one technique the Primary School utilizes to implement their Annual School Plan as well as give more direction to our program of instruction, allow better utilization of materials and time, and bring about a greater concentration to the challenges at hand.

Bazaar Items Displayed

Mrs. Sylvia Lawhorne, left, and Mrs. Charles Carr display items to be sold at annual bazaar held by St. Anne's Episcopal Church Saturday, November 2. Bazaar will begin at 10: a.m. and continue until 4 p.m. at the church on Oakleigh Avenue in Appomattox. Items include handcrafted toys, Christmas decorations, canned goods and baked goods.

America, the Land of Plenty?

Plenty is right! Of "Litter". In this age of drives, everyone has something they wish to push. We're no exception. This year we're pushing the Appomattox Clean-Up Campaign. We're looking to our churches to actively participate in the Clean-Up Drive on Saturday, November 9th. God created the earth and all the bounties and natural beauties which surround us. It's our duty not only as laymen but also as a ordinary citizen to protect and preserve this beauty.

November 4-9 is Appomattox County Clean-Up Week. All homeowners and businesses are urged to make a special effort to clean around their homes during the week. Our churches, civic organizations and school clubs have been sent a request to participate in the roadside clean-up on Saturday, November 9. Please make sure that your group responds to this request.

All that you'll need to participate on Saturday is a truck. Plastic bags to deposit the litter in have been provided the Appomattox Lion's Club and the Oakville Ruritan Club. Pick-up loads of litter will then be hauled to the county landfill. To get to the landfill, take Route 460 east of Appomattox for 3 miles, turn left onto 634, turn right onto 632, then travel until you see the landfill sign. An attendant will be on hand to assist with the unloading of trucks.

The Clean-up is pleased with the support they have gotten from the Board of Supervisors and the Area State Highway Department. The Highway Department has agreed to cooperate and help in any way they could. Churches, Civic Clubs and organizations in the county are supporting this project.

If your church or group has not been contacted or you need information on the campaign, contact any of the following Clean-Up Co-Chairmen: Warren Taylor, Lloyd Richardson, Roy Lucado, Russell Covington, Ora Smith, Bill Slagle, Herbert Allen, Richard Robinson, Al Johnson, Virginia Stratton, Cornell Goldman and Jim Smith.

Decline In Earnings

The net earnings of Fidelity American Bankshares, Inc. in the third quarter of 1974 before security transactions totalled $996,677 equal to $.37 per share. During the similar period last year, earnings before security transactions were $1,049,311 or $.39 per share. For the first nine months of 1974, the Corporation's earnings before security transactions totalled $3,162,471 or $1.18 per share as compared to $3,649,476 to $1.38 per share before security transactions for the corresponding period last year. Third quarter earnings were increased by the sale of assets from the Columbia Life Insurance Company as a result of the reorganization of that affiliate.

E. R. Harris, Jr., President and Chief Executive Officer of Fidelity American Bankshares noted the decline in earnings was primarily the result of the continued high cost of funds and the temporary imbalance between interest sensitive sources of funds and interest sensitive uses of funds, a condition which is being corrected.

Fidelity American Bankshares, Inc. is a registered bank holding company which had $801 million in total assets on September 30, 1974. Fidelity American operates 16 commercial banks with 82 offices throughout the state of Virginia.

While hearing loss problems afflict people of all age groups, rising deafness statistics among the very young poses the most serious threat of all. This is because hearing is so vital to a youngster's learning process during his formative years and that parents frequently mistake their youngster's hearing problem for something other than what it really is.
